English

Highly proficient in speaking and in writing

Akhil B.V

Enthusiastic android developer with 3+ years of experience in building scalable, crash-free android applications architected with MVVM and a Great team player who can provide value to the company.

WORK EXPERIENCE

Android Developer

Apr 2019 - Present

Avantari Technologies, Hyderabad

Refactored and architected code base with MVVM+Databinding+Dagger-Hilt.

Taken part in application development from scratch with 100% kotlin.

Extensively worked on video players, Media players, and implementing dark theme for the entire application.

Integrated and customized open source libraries according to requirements.

Revamped UI of the entire application to neomorphic Ui-style.

Android Developer

Jan 2018 - Apr 2019

Swayam Group, Hyderabad

Reduced crashes and made application stable and scalable by moving the entire application codebase from java to kotlin.

Reduced app size by 50%

Improved crash-free users percentage by fixing bugs and following best practices.

Took care of every release cycle and integrated, developed customs views based on requirements.

Took part in End-To-End development of the entire application.

STUDIES AND CERTIFICATES

Bachelor of Technology(B.Tech), Computer Science

2013 - 2017

SREYAS INSTITUTE OF ENGINEERING AND TECHNOLOGY, Hyderabad/India
